Leadership Lessons Learned in Toastmasters

Deepak Menon, DTM, PIP

The 2019-2020 International President embodies the lifelong pursuit of self-improvement. His passionate involvement over the years, fueled by remarkable mentors and member connections, led him through Toastmasters' leadership levels to the International Board of Directors and the role of 2019-2020 International President. These experiences allowed him to discover and hone his leadership talents, and to complete the arduous DTM journey six times.

About the Presenter

Professionally, Menon is a chartered accountant at J.P., Kapur & Uberai, a firm he joined in 1980 as a trainee. He was made a partner in 1986. Keep Your Growth Fresh

Nathan Cook

"Over the last decade I have dedicated my life to growing myself and creating a life of success and significance for others. During our time together, I will be sharing key strategies on how you can grow yourself and keep yourself from falling into common growth pitfalls that keep you from achieving your desired outcomes. We will discuss factors that play a role in growth and strategies to improve them; such as environment, habits,

mental cognition and mentorship. I am excited to share with you my lessons learned and help you navigate opportunities which lie ahead."

About the Presenter

In early 2013, Nathan partnered with the #1 Leadership Guru in the world, John C. Maxwell. Nathan continues to receive wisdom from his great mentor, who in early 2018 recognized him as his "Bowtie Coach who sees value and adds values to his clients." Nathan brings a unique perspective to life. He develops consistency, persistence, and passion in the lives of every person he interacts with.

"Toastmasters was an integral part of my speaking journey. I learned principles of communication, but it afforded me a safe environment to find, develop and craft my voice. I received invaluable feedback that challenged me to grow, and I know I would not have been able to help as many professional speakers today with their voice if it had not been for Toastmasters. To grow, you must surround yourself with people who challenge you and this is what I found, from Wallmasters to Competitive Speakers in downtown Portland. I know it challenges you like it challenged me."

- Framing your presentations in an idea-centric way is easier for you and better for them
